OFFICIAL TRANSCRIPT

Date issued: 28 Jul 2026

Student Information

Student name: Ntando Mtimkulu
Student ID: NM26010019630

Programme Information

Programme: Software Engineer
Delivery mode: Online
Status: 100% Complete
Completion date: 28 Jul 2026

Average Grade	Class Rank	Tasks Completed
100	**2 of 108**	**51**

Level 1

Task	Score (%)	Status
Pseudocode	100	Completed
Your First Computer Program	100	Completed
Variables – Storing Data in Programs	100	Completed
The String and Numerical Data Types	100	Completed
Control Structures – If, Elif, Else and the Boolean Data Type	100	Completed
Logical Programming – Operators	100	Completed
Capstone Project – Variables and Control Structures	100	Completed
Data Structures – The List	100	Completed
Iteration	100	Completed
Defensive Programming – Error Handling	100	Completed
String Handling	100	Completed
IO Operations	100	Completed
Data Structures – Lists and Dictionaries	100	Completed
Programming with Built-in Functions	100	Completed
Programming with User-defined Functions	94	Completed
Debugging – The Stack Trace	100	Completed

Task	Score (%)	Status
Defensive Programming – Exception Handling	100	Completed
OOP – Classes	100	Completed
OOP – Inheritance	100	Completed
Data Structures – 2D Lists	100	Completed
Recursion	100	Completed
Sorting and Searching	100	Completed
OOP – Synthesis	100	Completed
Shell Scripting	100	Completed
Version Control and Git Basics	100	Completed
Capstone Project – Task Manager	88	Completed

Level 2

Task	Score (%)	Status
Databases	100	Completed
Relational Databases	100	Completed
SQL	100	Completed
SQLite	100	Completed
Capstone Project – Databases	100	Completed
System Architecture	100	Completed
Network Protocols and System Architecture	100	Completed
Web Development Overview	100	Completed
HTML Overview	100	Completed
Semantic HTML	100	Completed
CSS Overview	100	Completed
Bootstrap	100	Completed
Software Design	100	Completed
Unit testing	100	Completed
OOP – Modules	100	Completed
Django – Sticky Notes Application Part 1	100	Completed
Django – Sticky Notes Application Part 2	100	Completed
Django – eCommerce Application Part 1	100	Completed
Django – eCommerce Application Part 2	100	Completed

Task	Score (%)	Status
Capstone Project – News Application	94	Completed

Level 3

Task	Score (%)	Status
Deployment of Static Websites	100	Completed
Git Workflows	100	Completed
Containers – Docker	100	Completed
Software Documentation	100	Completed
Capstone Project – Consolidation	100	Completed
